Hoole Church of England Primary School

Over the last twelve months, our school and every educational establishment nationally and beyond, has faced unprecedented challenges whilst navigating the global pandemic.

The staff team has worked hard to support children and their families with remote education and new ways of learning. We have found innovative and creative strategies to engage with pupils and to provide pastoral support. During the most recent closure, we did this via our Virtual Worry Box. This facility offered a way for children and their families to share worries or seek support from our school Learning Mentor, Elaine Robertson.

There has been much written about the negative impact that school closures and the pandemic may have had on children's personal, social and academic development.

We are delighted by the confident and happy return that children have made to our school.

We are keen to help them to recognise the personal qualities, including perseverance, courage, resilience and adaptability, that they have shown throughout the last year.

We plan to celebrate this in the future to encourage children to reflect on what they have learnt about themselves and the world around them.

Thank you for your prayers for our school family.

SAFEGUARDING TRAINING

As we move out of lockdown, it's a great time to update your safeguarding knowledge, before we meet again face to face.

The Church of England has launched excellent online training. The modules are easy to access anytime that is convenient, on the Church of England website: safeguardingtraining.cofeportal.org where you can Login or create a new account if you have not undertaken a previous online course.

The Basic Awareness module is open to all the church family; I would suggest for those over the age of 16. It is a short, interesting and sensitively written overview of safeguarding in a Christian setting. As a church community we should be more aware of safeguarding issues, more knowledgeable and more open. Why not have a look and get your certificate?

Leaders and group volunteers including those who work with children and young people, vulnerable adults and those with additional special needs can also take the Foundations module.

Please send a copy of your certificate to Hannah in the church office: Finance@allsaints.church

SAFE SPACES ENGLAND AND WALES

Safe Spaces is a free and independent support service for anyone who has experienced abuse in relation to the Church of England, the Church in Wales or the Catholic Church of England and Wales. This could be abuse by someone who holds any role at the church or is linked to participating in a church-led activity or group.

Although the churches have funded the service, it is run independently by the charity Victim Support, who are one of the leading charities providing specialist support to survivors of abuse in England and Wales.

If you have been affected, however long ago, Safe Spaces can provide you with support. You do not have to have told the police or the church authorities, and you do not have to still be involved with the church. Your information will not be shared without your consent unless you or someone else is in immediate danger.

Telephone: 0300 303 1056 or go to their website: www.safespacesenglandandwales.org.uk.
