## Hoole Church of England Primary School

This week we have joyfully celebrated success in a local sports competition.

A team of Year 4 pupils visited Westminster golf course in Chester for a tournament arranged by the local school Sports Partnership.

Children were excited but slightly daunted at first as many have limited or no experience of playing golf. However, they approached this challenge with the perseverance, determination and enthusiasm that permeates our school.

The team returned to school so excited and thrilled as they won first place!

They came back with their medals proudly on display and were bursting to tell their school family about their success.

I thought you may be interested in their comments.

"I was really excited when I got the letter saying I was selected for the team because I have only ever played crazy golf...I feel very proud of myself that I was able to accomplish a gold medal."

"I just feel really grateful. Harley and I were so excited, patting each other on the back."

"I just went for fun because I have only played golf once before but when they said we had won, I was really excited and jumping up and down in surprise."

"At first I felt nervous but excited as I had never played golf before. I just tried and persevered. I felt so happy."

"We all felt that we should try our best for our school family."

"When they said we had won, I said 'WHAT?' I said this three times. The first time in confusion and the third time in happiness."

We presented the children with their certificates in our Friday Honours worship and their joy and pride was heart-warming.

Thank you for your prayers and good wishes for our school.
